Integrate Behavioral Health Into Your Rural Practice

The Colorado Center for Nursing Excellence, in partnership with the United Health Foundation, is pleased to introduce an innovative project to increase access to behavioral health services in rural Colorado!

- One-on-one professional coaching
- Web-based telehealth training
- Expert behavioral health panel
- $20,000 student stipend offered

We are seeking fellows who are currently licensed and employed nurse practitioners (NPs) living in rural Colorado and are interested in becoming certified Psychiatric Mental Health Nurse Practitioners (PMHNP). By attaining a certificate in psychiatric mental health, NPs will be equipped to provide behavioral health services in their communities.
