

Respiratory Season Requirements

All Agencies	Below is the flu vaccine	COVID Return to Clinicals requirements
<p>Adventist System: Castle Rock Littleton Parker Porter</p>	<p>Flu vaccines or a declination are due by Nov 1. Flu season is considered ended on Mar 31 unless the CDC has extended it. Unvaccinated students must wear surgical masks. Declinations are accepted for an allergy to the flu vaccine or any components, or a history of Guillain-Barre syndrome. Religious declinations are accepted for a sincerely held practice or belief. Decline the influenza vaccine by submitting either an electronic or paper declination form based on an approved reason. Reach out to Nancy Near-Perse at Nancy.NearPerse@AdventHealth.com</p>	
<p>Banner Health: NCMC Banner Ft. Collins Banner McKee Sterling Regional East Morgan County Hospital</p>	<p>Flu vaccines are required for all students from 11/1 - 4/15. In mCE enter the date of expiration and upload documentation OR upload a signed declination. To submit a religious exemption: https://forms.office.com/Pages/ResponsePage.aspx?id=0tzqra86NUiycx6-incm8SHGIAYOsTRGsxx4_Uv9r9NUMIAyNIIQQ0NQR1dVNEFGNkRLU1NPS1pGSC4u To submit a medical exemption: Please use the exemption form in mCE and send to NoFluForYou@bannerhealth.com **Must include your provider's signed off with the exemption form. Your request will be sent back if not complete.</p> <p>Students who wish to decline must sign a declination form and wear a</p>	<p>To determine your readiness for Return to Clinical Rotations, fill out this return to work self-attestation form: Self Attest HERE</p>

	mask at all times while in Banner facilities.	
Boulder Community Health		
Centura Health		
Children’s Hospital Colorado	Flu vaccines are required for all students 11/1-4/15, annually. No exemptions allowed.	Any student testing for COVID-19 cannot return to clinical until 7 days post their positive test date, as long as their symptoms have resolved also.
Colorado Acute Care TLC		
Colorado Coalition for the Homeless		
Colorado Mental Health: Fort Logan		
Craig Hospital		
CommonSpirit: St. Anthony’s St. Anthony’s North St. Anthony’s Summit Longmont United OrthoColorado Hospital Mercy Regional Medical Center St. Francis Hospital & Interquest Penrose St. Elizabeth St. Thomas More St. Mary Corwin	Influenza vaccines are required for all students, Oct 1, 2023, through March 31, 2024, or as date deemed by CDC. Students are only allowed a medical exemption (Must include your provider’s signed off with the exemption form. Your request will be sent back if not complete). Students will submit the exemption to Occupational Health and complete the compliance item in mCE. The supporting document for exemption will be the approval email in pdf format. Once approved, students will follow our organizational polices for influenza vaccine/masking.	

<p>Denver Health Medical Center</p>		
<p>HCA Healthcare: Presbyterian St. Lukes Rocky Mountain Hospital for Children Rose Medical Center Swedish Medical Center North Suburban Medical Center Spalding Rehabilitation Hospital The Medical Center of Aurora Sky Ridge Medical Center</p>	<p>Flu shots or declination must be obtained by October 1, and uploaded into MCE. We cannot accept students without documentation. We accept both religious and medical exemptions. Students who do not receive the flu shot for any reason are required to always wear a mask while in the facility during flu/respiratory virus season, through April 1.</p>	
<p>Intermountain Health: Good Samaritan Hospital Lutheran Medical Center Platte Valley Medical Center St. Joseph Hospital Mount Saint Vincent</p>	<p>All Healthcare Workers, including Volunteers, Medical Staff, Advanced Practice Professionals or Providers (APP), Allied Health Practitioners (AHP), and anyone else performing services at an SCL Health Peaks Region hospital or facility (including students, travelers, contractors and vendors), will obtain the Influenza Vaccine by October 31, 2023. We accept Medical and Religious Exemptions and these are the only reason for not receiving the Influenza Vaccines. Student in the OB departments are not eligible for an exemption.</p>	

	Those who have an Influenza Vaccine exemption are required to mask for the duration of the respiratory virus season, which historically ends in April.	
Jefferson County Public Health Department		
Kaiser Permanente	KPCO requires either proof of a flu shot or of a declination – if declined students must wear a mask while in any KPCO building during flu season.	KPCO requires students/staff to have a primary series of COVID vaccine, and allows for medical exemptions but not religious exemptions.
Kindred Hospitals		
VA Eastern Colorado Health Care System		
Vibra Rehabilitation Hospital		
UCHealth North Medical Center of the Rockies Greeley Hospital Poudre Valley Mountain Crest Yampa Valley Medical Center	<i>Flu Vaccines are required for all students, the deadline to receive the flu vaccine is Nov. 1st and will be required through the end of flu season (timeline is based on CDC guidelines). Students will need to enter documentation into My Clinical Exchange for compliance. Students may apply for a religious or medical exemption. These exemptions should be provided by their school. Or if needed they can reach out to UCHealth Employee Health to request an exemption. Any student that does not receive the flu vaccine must wear a mask at all times when in a</i>
